I thought I might be judged, how wrong I was - it was relaxed, open and non-judgemental

The 'BEING A PARENT'

Groups are led by trained parent volunteers, and aim to help you to manage challenging behaviour, improve communication, build and understand your relationship with your child.

A supportive group where parents & carers of children aged 0-18 years can meet in a relaxed & friendly environment without their children, the sessions will run for 90 minutes via Microsoft Teams.

The groups run weekly for 8 weeks, giving parents the opportunity to support one another and share knowledge & experiences with the help of tried and tested resources from the 'Empowering Parents, Empowering Communities' programme.
